

Concrete Hopper

Concrete Hoppers - The self-dumping hopper attachment could automatically start to both unload and release as the bumper release contacts the side of a dumpster. After dumping is completed, the hopper is able to return to original upright and locked position. This particular piece of machinery is also offered together with a cable which allows operation from the seat of the lift truck so as to have the choice of manually dumping the hopper. There is a locking chain provided in order to lock the hopper to the tine truck. This product is made with reliable and consistent robotic welds for maximum strength. The lift truck dumping hopper even has a blue powder coat finish so as to maintain durability.
