

Ingersoll Rand Forklift Parts

Ingersoll Rand Forklift Parts - Ingersoll Rand offers services, products and solutions so as to ensure efficiency and increase the productivity within industrial, commercial and residential surroundings. They pride themselves in delivering products in order to enhance the safety, comfort, security and health of people around the world all through their four international segments.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient heating ventilation and air conditioning systems, contracting and building services, parts support and advanced controls used for both commercial buildings and residential homes.

Ingersoll Rand's Industrial Technologies sector offers solutions and products that enhance their customers' productivity, operations and energy efficiency. The product series is diverse ranging from pumps and tools, material and fluid handling systems to complete compressed air systems. They have also developed Club Car, the international leader in utility and golf vehicles designed for companies and individuals.

Brands like for example Trane and Schlage provide residential solutions that provide comfort, safety and efficiency to home owners across North America. Their innovative products consist of mechanical and electronic locks, indoor air quality solutions, heating and air conditioning systems, remote home management, portable security systems and advanced controls.

Ingersoll Rand' Security technologies offer products that ensure secure, safe and productive surroundings. This division's market leading products include door and floor closers, exit devices, portable security devices, electronic and biometric access control systems, cabinet hardware, steel locks, doors and frames, decorative hardware and locksets. Schlage even has products that provide time, attendance and personal scheduling systems.
